

N A T T O K I N A S E

Nattokinase is a fibrinolytic enzyme which is extracted from the popular Japanese food Natto. Natto is a cheese-like food that is produced by adding *Bacillus natto* to boiled Non-GMO soybeans.

Healthy Origins® Nattokinase is guaranteed to be soy-free since there are no residual amounts of soy left over after the fermentation and purification process.

Nattokinase is to be used as part of your diet and exercise program to help maintain normal circulatory health.*

- * Vitamin K Removed
