

Organic Vitamin C

Healthy Origins® Organic Vitamin C contains Vitamin C from Natural, Non-GMO, USDA Organic Amla Extract which is both easily assimilated and gentle on your stomach.*

Many Vitamin C products in the market are still using synthetic, GMO ascorbic acid as their Vitamin C source. While synthetic ascorbic acid may be a less costly alternative, we feel that your body will greatly appreciate your choice to give it the natural, whole food Vitamin C it desires.*

- Contains a Minimum of 10% Bioflavonoids
